

aller choice.™

derm health

For support with dermatological sensitivities and overall skin health.

Soft Chews for Dogs

Item # 93-005
UPC 850004440001

Product Usage

Recommended to help maintain healthy response to dermatological sensitivities and support overall skin health. Aller Choice contains a proprietary blend of omegas from four different sources to provide greater absorption and bioavailability in support of skin health. Along with the new Omega Complex, Aller Choice adds a powerful blend of key botanicals and bioflavonoids that support the integrity and structure of the skin. With ITPGS™ a patent pending blend of bioactives providing additional activity, Aller Choice is the veterinarian's premium choice in support of dermatological health.

Powered by ITPGS™

ITPGS is a patent pending proprietary blend of bioactives that improve key nutrient absorption, supporting a healthy inflammatory and immune biomarker response, microbial balance, and antioxidant activity.

key product benefits

- **Derm Health-** supports overall healthy structure and function of the skin.
- **Immune Health-** supports overall immune system health.
- **Digestive Health-** supports overall digestion and gastrointestinal health.
- **Essential Health-** supports daily functions in aging related to overall health.

aller choice.™
