

# flex choice.™

## joint health

For support in overall mobility  
and healthy joint function.

### Soft Chews for Dogs

Item # 95-050  
UPC 850004440032

## Product Usage

Contains FlexPro MD<sup>®</sup>, a unique proprietary blend of 3 key ingredients (astaxanthin, krill oil, and hyaluronic acid) and boasts 13 patents. Adding Perna canaliculus to provide key glycosaminoglycans (GAGS) targeting support of connective tissue, viscosity of synovial fluid, and the structural integrity of the joint. With Boswellia Extract and ITPGS™ the patent pending blend of bioactives, Flex Choice is the veterinarian's premium choice for powerful joint support.

## Powered by ITPGS™

ITPGS is a patent pending proprietary blend of bioactives that improve key nutrient absorption, supporting a healthy inflammatory and immune biomarker response, microbial balance, and antioxidant activity.

### key product benefits

- **Joint Health-** supports overall mobility and joint health.
- **Immune Health-** supports overall immune system health.
- **Digestive Health-** supports overall digestion and gastrointestinal health.
- **Specialty Health-** supports internal systems vital for overall health.
