

flora choice.™

daily

gut support

For support of daily and long term gut health.

Powder for Cats & Dogs

Dog Item # 93-020
UPC 850004440018

Cat Item # 93-065
UPC 850004440056

Product Usage

With six different strains of probiotics and enhanced with prebiotics and beta glucans, Flora Choice is designed to help maintain a healthy bacteria microbiota. Flora Choice also supports the healthy immune status of the GI tract, which results in normal nutrient absorption and healthy production of short chain fatty acids. With ITPGS™ the patent pending blend of bioactives providing additional immune support, Flora Choice has been specifically formulated for veterinary use providing higher CFUs (colony forming units) of a multi-strain product per administration compared to many other products. Flora Choice is the premium choice for digestive support when pets experience environmental stress, antibiotic therapy, diet changes and for overall gut health.

Powered by ITPGS™

ITPGS is a patent pending proprietary blend of bioactives that improve key nutrient absorption, supporting a healthy inflammatory and immune biomarker response, microbial balance, and antioxidant activity.

key product benefits

- **Digestive Health-** supports overall digestion and gastrointestinal health.
- **Essential Health-** supports daily functions in aging related to overall health.
- **Specialty Health-** supports internal systems vital for overall health.

Product Information

for Cats

Guaranteed Analysis per 1g sachet:
(minimum unless stated otherwise)

Moisture.....5%
 Vitamin E.....1 IU
 Total Microbial Count*.....1 Billion CFU**
 (Bacillus licheniformis, Bacillus subtilis, Enterococcus faecium, Lactobacillus acidophilus, Lactobacillus plantarum, and Lactobacillus casei)

*Not recognized as an essential nutrient by the AAFCO Dog Food Nutrient Profiles.
 **Colony Forming Units.

Calorie Content (ME) Calculated: 3,342 kcal/kg or 3.3 kcal/g

Ingredients: Maltodextrin, Dried Pork Liver, Dicalcium Phosphate, Powdered Sugar, Dried Bacillus licheniformis Fermentation Product, Dried Bacillus subtilis Fermentation Product, Dried Egg Protein, Inulin, Salt, Silicon Dioxide, Vitamin E Supplement, Beta Glucan, Sodium Selenite, Ascorbic Acid (Vitamin C), Copper Proteininate, Ferrous Sulfate, Manganese Proteininate, Vitamin A Acetate (Vitamin A), and Zinc Proteininate.
