

liver choice.™

hepatic support

For support of healthy hepatic function, and overall liver health.

Soft Chews for Dogs

Item # 93-025
UPC 8850004440148

Product Usage

Indicated for supporting normal hepatic function in dogs. Supporting healthy enzyme levels and helping maintain normal antioxidant activities within the liver. Liver Choice contains a proprietary blend of glutathione, N-acetylcysteine, and white curcumin specifically formulated for support of oxidative balance and healthy hepatic function. By adding a proprietary blend of branch chain amino acids, Liver Choice provides a readily available energy source for metabolic reactions in the liver needed for fat metabolism. With ITPGS™ the patent pending blend of bioactives, Milk Thistle Seed Extract, and Zinc rounding out the key actives, Liver Choice supports the complex functions of the liver and is suitable for both short and long-term use.

Powered by ITPGS™

ITPGS is a patent pending proprietary blend of bioactives that improve key nutrient absorption supporting a healthy inflammatory and immune biomarker response, microbial balance, and antioxidant activity.

key product benefits

- **Specialty Health-** supports internal systems vital for overall health.
- **Essential Health-** supports daily functions in aging related to overall health.
- **Immune Health-** supports overall immune system health.
