## Product Usage

Specifically formulated with a unique blend of innovative ingredients and a chewable stick design to manage plaque through chewing and abrasive action. Containing a proprietary fiber, Sodium Hexametaphosphate (SHMP), and ITPGS™ a patent pending blend of bioactives, Ora Choice Pro supports the overall health of the oral cavity. Ora Choice Pro dental sticks should be used as part of an overall dental health regimen that includes regular visits to a veterinarian.

## Powered by ITPGS™

ITPGS™ is a patent pending proprietary blend of bioactives that improve key nutrient absorption supporting a healthy inflammatory and immune biomarker response, microbial balance, and antioxidant activity.
