

# pancre choice.™

## pancreatic support

For support in healthy pancreatic function vital to maintain overall health.

### Powder for Dogs

Item # 93-055  
UPC 850004440049

## Product Usage

An enzymatic concentrate to support digestion of carbohydrates, protein and fat in dogs and cats. Contains standardized amylase, protease and lipase activities along with vitamin B<sub>12</sub> to help manage healthy serum cobalamin concentrations in dogs and cats.

## Powered by ITPGS™

ITPGS is a patent pending proprietary blend of bioactives that improve key nutrient absorption supporting a healthy inflammatory and immune biomarker response, microbial balance, and antioxidant activity.

### key product benefits

- **Specialty Health-** supports internal systems vital for overall health.
- **Essential Health-** supports daily functions in aging related to overall health.
- **Digestive Health-** supports overall digestion and gastrointestinal health.
